RE: House Committee on County Affairs Interim Charges

Mr. Chairman:

As the State Representative for House District 45, I am proud to serve the constituents of Hays and Blanco Counties. With this responsibility in mind, I am writing to provide a suggested interim charge for the House Committee on County Affairs. Texans across the state, and not just in House District 45, have raised concerns regarding the following issue:

- County Siting Authority for Aggregate Production Operations
 - Evaluate the feasibility of delegating siting authority for aggregate production operations to local officials at the county level. Study the similar siting authority for solid waste disposal facilities that county officials already possess and decide if a similar model would be appropriate.

I greatly appreciate your willingness to consider these issues, and your commitment to bringing legislators and industry together to solve problems amicably. I look forward to working with my fellow legislators over the coming months to help find those solutions.

Sincerely,

A handwritten signature in brown ink that reads "Erin Zwiener".
